

Official Declaration: Support for the implementation of the Regional Action Plan for the Veneto region

The following organisations have participated in the WINNET 8 project actions and are willing to give their support and possible participation in the transfer process of the Good Practices from WINNET8 to the region of Veneto.

- The Managing Authority for the Regional Operational Programme, the Veneto Region;
- The Gender Equality Department of Province of Venice;
- The President of the Provincial Council;
- The Provincial Commission for Gender Equality;
- The Regional Councillor for Gender Equality;
- The Provincial Councillor for Gender Equality;
- The Regional Office for Family Policies and Planning Coordination;
- The Regional School Office;
- The Provincial School Office;
- The Committee for Women Entrepreneurship of the Venice Chamber of Commerce;
- "Apindustria" Venice;
- The Regional Agency "Veneto Lavoro";
- "Centro Donna", Municipality of Venice;
- The Committee for Gender Equality, "Cà Foscari" University;
- ALI Cooperative.

All these organisations and institutions acknowledge the added value of the WINNET 8 project and its contribution to the Regional Operational Programme and/or other regional mainstream programmes, the identification of valuable Good Practices - examples and the development of the Regional Action Plans on WINNET 8 result on how to implement the gender perspective.

During the WINNET 8 project the above mentioned authorities, stakeholders and actors have participated in transfer activities, in view of a possible import into the region of Veneto, related to the following Good Practices- examples:

- *Integrated Perspective* (Greece);
- *Women@Work* (Scotland).

These Good Practices-examples will contribute to the fulfilment of the specific gender equality objectives of the Regional Operation Program (p. 123), which aim to:

- support women participation to the labour market;
- improve the quality of women's life and work;
- promote women participation to the creation of socio-economical activities.

They will also contribute to other ROP objectives (p.103-105) as:

- guaranteeing a wider access to knowledge and resources;
- promoting innovation;
- developing entrepreneurship of potentially marginalized subjects;
- supporting the relationship with other European regions by means of promoting the exchange of best practices.

The transfer of these good practices could be partially, experimentally, financed up to 2013, by the ROP funds already existing to achieve the above mentioned objectives; by the funds of the Veneto Regional Law n. 3/2003 art. 8 and by the funds deriving from the arrangement to promote the conciliation of work and family life signed in April 29th 2010 between the Veneto Region and the Italian Ministry for Gender Equality. Subsequently, they could be included in the ROP for the next programming period 2014-2020 for further and more specific financial support. This ROP should also consider that the Italian Action Plan includes other two good practices to be transferred, which are equally important in order to reach gender equality in the territory of the Veneto region: *On Equal Terms* (Sweden) e *MIRABAL* (Portugal).

We consider the transferring of the abovementioned **WINNET 8** Good Practices -examples, with necessary adaptation according to regional context, to represent potentially valuable input for economic development in the region of Veneto.

We hereby confirm our support for the transfer and implementation of the above mentioned Good Practices - examples in the Regional Operational Programme or other regional mainstream programmes according to the developed Regional Action Plan.

Venice, 27.11.2011

L'Assessore alle Pari Opportunità
della Provincia di Venezia

winnet8

Dichiarazione ufficiale di supporto per l'implementazione del Piano d'Azione nella regione del Veneto

Le sottoscritte organizzazioni hanno partecipato alle azioni del Progetto WINNET 8 e intendono supportare e, se possibile, partecipare al processo di trasferimento delle Buone Pratiche individuate nell'ambito di WINNET8 al contesto regionale Veneto:

- L'Assessorato alle Pari Opportunità della Provincia di Venezia;
- La Presidenza del Consiglio della Provincia di Venezia;
- La Commissione Pari Opportunità della Provincia di Venezia;
- La Consigliera di Parità Regionale del Veneto;
- La Consigliera di Parità Provinciale di Venezia;
- L'Ufficio Politiche e Coordinamento Piani e Programmi per la Famiglia della Regione Veneto;
- L'Ufficio Scolastico Regionale;
- L'Ufficio Scolastico Provinciale;
- Il Comitato Imprenditoria Femminile della C.C.I.A.A. di Venezia;
- Apindustria Venezia;
- L'Agenzia Regionale "Veneto Lavoro";
- Il "Centro Donna" del Comune di Venezia;
- Il Comitato Pari Opportunità dell'Università "Ca' Foscari" di Venezia;
- ALI Società cooperativa.

Le suddette organizzazioni e istituzioni riconoscono il valore aggiunto del progetto WINNET 8 e il suo contributo al Piano Operativo Regionale e agli altri programmi regionali di *mainstream*, nonché l'identificazione di Buone Pratiche e lo sviluppo dei Piani d'Azione regionali e degli altri risultati del progetto WINNET 8 come valide indicazioni per l'implementazione di una prospettiva di genere.

Durante la realizzazione del progetto WINNET 8 le suddette autorità, *stakeholder* e attori hanno partecipato alle attività di scambio tra i partner, in vista di un trasferimento al contesto regionale Veneto delle seguenti Buone Pratiche:

- *Integrated Perspective* (Grecia)
- *Women@Work* (Scozia)

Queste Buone Pratiche rispondono agli obiettivi di pari opportunità perseguiti dal POR regionale (pag. 123), e in particolare quelli di:

- garantire alle donne l'accesso al lavoro attraverso progetti di sviluppo locale e la programmazione negoziata;
 - migliorare le condizioni di vita e di lavoro delle donne e la loro situazione lavorativa;
 - promuovere la partecipazione femminile alla creazione di attività socio-economiche;
- nonché ai più generali obiettivi (pag. 103-105) di:
- garantire l'accesso diffuso alla conoscenze e alle risorse;
 - promuovere l'innovazione;
 - sviluppare l'imprenditoria di soggetti particolarmente a rischio di esclusione;

- consolidare e ampliare il sistema relazionale con le altre aree/regioni favorendo le strategie di condivisione delle best practice.

Il trasferimento di queste Buone Pratiche potrebbe essere parzialmente finanziato, in via sperimentale e fino al 2013, con i fondi già previsti nel POR per il finanziamento delle azioni volte al perseguimento dei suddetti obiettivi, dai fondi della Legge Regionale n. 3/2003 art.8 e dai fondi derivanti dall'Intesa sui criteri di ripartizione delle risorse, le finalità, le modalità attuative nonché il monitoraggio del sistema di interventi per favorire la conciliazione dei tempi di vita e di lavoro, sottoscritta nella seduta del 29 aprile 2010 della Conferenza Unificata tra la Regione Veneto e il Ministero per le Pari Opportunità. Il trasferimento potrebbe poi essere consolidato nell'ambito del prossimo Programma Operativo Regionale per il periodo 2014-2020, tenendo anche conto che l'allegato Piano d'Azione contiene indicazioni relative al trasferimento di altre due buone pratiche importanti per l'effettiva realizzazione delle pari opportunità di genere nel territorio regionale Veneto: *On Equal Terms* (Svezia) e *MIRABAL* (Portogallo).

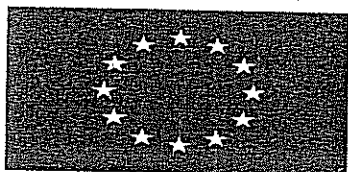

Si ritiene che il trasferimento delle suddette Buone Pratiche del progetto **WINNET 8**, se adeguatamente adattate al nostro contesto regionale, possano rappresentare un prezioso contributo allo sviluppo economico della regione Veneto.

Confermiamo quindi il nostro supporto al trasferimento e all'implementazione delle suddette buone pratiche nel contesto del Programma Operativo Regionale e/o di altri programmi regionali di *mainstream* secondo quanto riportato dall'allegato Piano d'Azione.

All these organisations and institutions acknowledge the added value of the WINNET 8 project and its contribution to the Regional Operational Programme and/or other regional mainstream programmes, the identification of valuable Good Practices - examples and the development of the Regional Action Plans on WINNET 8 result on how to implement the gender perspective.

During the **WINNET 8** project the above mentioned authorities, stakeholders and actors have participated in transfer activities, in view of a possible import into the region of Veneto, related to the following Good Practices- examples:

- *Integrated Perspective* (Greece);
- *Women@Work* (Scotland).

These Good Practices-examples will contribute to the fulfilment of the specific gender equality objectives of the Regional Operation Program (p. 123), which aim to:

- support women participation to the labour market;
- improve the quality of women's life and work;
- promote women participation to the creation of socio-economical activities.

They will also contribute to other ROP objectives (p.103-105) as:

- guaranteeing a wider access to knowledge and resources;
- promoting innovation;

- developing entrepreneurship of potentially marginalized subjects;
- supporting the relationship with other European regions by means of promoting the exchange of best practices.

The transfer of these good practices could be partially, experimentally, financed up to 2013, by the ROP funds already existing to achieve the above mentioned objectives; by the funds of the Veneto Regional Law n. 3/2003 art. 8 and by the funds deriving from the arrangement to promote the conciliation of work and family life signed in April 29th 2010 between the Veneto Region and the Italian Ministry for Gender Equality. Subsequently, they could be included in the ROP for the next programming period 2014-2020 for further and more specific financial support. This ROP should also consider that the Italian Action Plan includes other two good practices to be transferred, which are equally important in order to reach gender equality in the territory of the Veneto region: *On Equal Terms* (Sweden) e *MIRABAL* (Portugal).

We consider the transferring of the abovementioned **WINNET 8** Good Practices -examples, with necessary adaptation according to regional context, to represent potentially valuable input for economic development in the region of Veneto.

We hereby confirm our support for the transfer and implementation of the above mentioned Good Practices - examples in the Regional Operational Programme or other regional mainstream programmes according to the developed Regional Action Plan.

Official Declaration: Support for the implementation of the Regional Action Plan for the Veneto region

The following organisations have participated in the **WINNET 8** project actions and are willing to give their support and possible participation in the transfer process of the Good Practices from WINNET8 to the region of Veneto.

- The Managing Authority for the Regional Operational Programme, the Veneto Region;
- The Gender Equality Department of Province of Venice;
- The President of the Provincial Council;
- The Provincial Commission for Gender Equality;
- The Regional Councillor for Gender Equality;
- The Provincial Councillor for Gender Equality;
- The Regional Office for Family Policies and Planning Coordination;
- The Regional School Office;
- The Provincial School Office;
- The Committee for Women Entrepreneurship of the Venice Chamber of Commerce;
- "Apindustria" Venice;
- The Regional Agency "Veneto Lavoro";
- "Centro Donna", Municipality of Venice;
- The Committee for Gender Equality, "Cà Foscari" University;
- ALI Cooperative.

All these organisations and institutions acknowledge the added value of the WINNET 8 project and its contribution to the Regional Operational Programme and/or other regional mainstream programmes, the identification of valuable Good Practices - examples and the development of the Regional Action Plans on WINNET 8 result on how to implement the gender perspective.

During the **WINNET 8** project the above mentioned authorities, stakeholders and actors have participated in transfer activities, in view of a possible import into the region of Veneto, related to the following Good Practices- examples:
